DETAILED ACTION

Claim Rejections - 35 USC § 103

1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
2. Claims 15-22 and 24-32 are rejected under 35 U.S.C. 103(a) as being unpatentable over Annemaier et al. 5,496,881, in view of Cusack et al. 6,150,447.
3. The rejection is maintained in view of the "Response to Arguments" set forth below.

Response to Arguments

4. Applicant's arguments filed 4/3/09 have been fully considered but they are not persuasive. The primary reference discloses in claim 1 60% by weight of flameproofing agents, and 27.5% inorganic fibers. The flameproofing agents may comprise a blend of aluminum hydroxide and zinc stannate or zinc hydroxystannate (column 4, lines 13-15). The composition further comprises fillers (claim 20). The amount of filler is not claimed, but Examples 1-3 show 3.35% and 14.4% calcium carbonate and 9% calcined kaolin respectively. The composition requires only 5% resin and 0.1% plasticizer. The Examiner does not know the exact densities of the solid ingredients, but at 94.9% solids by weight the PVC should be around 82%. Cusack et al. is cited only to show that coating metal hydroxides with stannates is known and obvious. Water can be added to achieve any desired viscosity. All properties are inherent in the composition.
5. All other rejections are withdrawn by the examiner in light of applicants' response.

Conclusion

6. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
